- Engagement: External Liaison – Psychology Association; Pre-Law Club; Volunteer – SMILE Program.

PROFESSIONAL EXPERIENCE

Nova Scotia Lifeguard Service – Halifax, NS

Beach Captain & Public Relations Officer

May 2021 – September 2025

- Designed internal communication materials for a seasonal team of over 100 staff, streamlining operations and updates.
- Engaged with communities across Nova Scotia to promote drowning prevention and water safety initiatives.
- Collaborated with stakeholders to develop strategic, data-informed public safety solutions.

Polaron Energy – Halifax, NS (Hybrid)

Solar Advisor

March 2025 – July 2025

- Generated 30+ qualified leads weekly, guiding clients through the complete sales cycle.
- Leveraged advanced sales strategies to engage and convert high-value customer profiles.

- Consistently exceeded sales targets and was recognized as a top performer.

PROJECTS & COMPETITIONS

Hockey Analytics Project (2025)

Applied advanced statistical methods in R Studio to model player and team performance KPIs. Designed a KPI matrix and interactive dashboard using Axemen hockey data to visualize offensive and defensive contributions. Used Python for data preprocessing and trend analysis, identifying patterns linked to “winning plays.” Implemented regression models, clustering algorithms, random forest analysis, and time series forecasting to evaluate player performance trends and correlations.

AI and Student Engagement Study (Acadia, 2024)

Conducted during the AI in Business and Work course. Used SPSS, R, and Qualtrics to analyze survey data identifying engagement predictors among students. Looking motivational trends within the student body.

RBC Hackathon – Team Lumin (2025)

Cross-functional hackathon with RBC teams focused on designing innovative, data-driven solutions using Python, SQL, and Power BI. Team Lumin developed an analytical solution centered on improving data accessibility and workflow automation within financial services.
